

# Basic Detail Report

**Title: Colored Lights**

Date: 1982

Primary Maker: com.gallerysystems.emuseum.core.entities.RecordXPerson@3e1d0

Medium: Color cibachrome print

Description: While growing up in Atlanta, Jimmy Desana experimented with photography by creating images of his friends in suburban homes and gardens.

Throughout his career, the human body remained a focus of his work, in images that explore the figure as both an animate presence and sculptural object.

Simultaneously absurdist and ordinary, these photographs exist at the boundary between the documentary and the imaginary.

Dimensions: 16 x 20 in.
