

Basic Detail Report

Title: York

Date: 2007

Primary Maker: com.gallerysystems.emuseum.core.entities.RecordXPerson@3f5f2

Medium: C-print mounted on sintra

Description: In "York", the viewer gazes down the platform of the York Street subway stop. While the scene appears strangely empty, it is enlivened by snippets of conversation - some humorous and others quite serious. In the end, Lempert's photograph becomes a memorial for private moments as they are played out across the cacophony of the public space, where thousands of voices and lives are constantly intersecting.

Dimensions: 40 x 50 in.
