Title: Shadows on Broadway

Date: 2013

Description: "For the past 25 years, I have focused my photography on the urban scene, particularly in New York City where I work and reside. I am drawn to humanity, and while some of my photographs have a documentary feel, many have a modern aesthetic. Berenice Abbott, Lewis Hine, Helen Levitt and Walter Rosenblum have all inspired my work, as well as the Ashcan School artists. I shoot in black and white and in a 6 x 4 format...I consider Shadows on Broadway my finest photograph." - Ken Ratner
