Description: All of the drawings and watercolors in this book were done in Thailand in November and December 2008. Many of the images from Bangkok and the small provincial city of Trat deal with the street life - both daytime and nocturnal. As is typical in the artist's sketchbooks, his work alternates between pencil and other 'dry' media and watercolor. A few of the watercolors, like "Bangkok Garden" use a more linear or graphic approach to the medium and can more properly be referred to as drawing rather than painting.
